

'United We Stand'

In conceptual learning this term we are exploring 'conflict' and 'perspective'. Choose either the 'do' it 'use it' or 'own it' activity to complete in your English book.

Do it

A perspective is someone's way of looking at events. Match the perspective with the correct character:

I told her she couldn't go to the ball because she is too young to go dancing with boys. Then she ran off without telling anyone where she was going. I was worried sick.

Wicked Stepmother

I was always being told what to do and bossed around. My stepmother treated me like a slave so I decided to follow my heart.

Little Red Riding Hood

See, the thing with little pigs and grandmothers is that they taste so good! We've all got to eat and it's what I do; eat things that taste good! Don't tell me you've never enjoyed a burger!

Seven Dwarves

It was horrible, walking in and seeing my defenceless granny's leg sticking out of that evil wolf's mouth! I'll hunt down every wolf I see.

Big Bad Wolf

Said she was only staying for a week! Did nothing but eat and drink, and took over our house that we'd worked hard for. Good riddance.

Cinderella

Use it

Read the attached story of Cinderella. Can you make a mind map of how the characters of 'the ugly step sisters' might have felt throughout the story?

Own it

Choose one character from the options below. Write a paragraph based on the story they are from their perspective. Have they encountered any conflict in their story?
